

COMPETITION TEAM

We enter competitions of regional, national, and international standards. Students who take an interest in Kyorugi or Poomsae competitions can register for the level suitable to their age and ability.

Our schedule of upcoming events is regularly updated and emailed to members. This outlines all events we wish to attend so students can register their interest.

High performing students can feed into the British Taekwondo talent identification programmes, which lead onto their High performance programmes for Team GB.

All competitions that our club enter are World Taekwondo or British Taekwondo sanctioned events.

One of the greatest parts of competing in Taekwondo is the opportunities to travel the country, and the world in pursuit of your goals.
